Nice variety ; very informative. Tour guide was delightful and well versed in the history of the town. Everything was lovely; service and food was excellent. Very well run tour! I loved the pizza at The Vault but then I loved the appetizer sampler at Toscano. The olive oil and vinegar store was a great treat. Liked how every eating experience was different. Toscano was excellent. More than exceeded expectations. Under The Moon Café was a great place.

The tour is well worth what you pay. A friend and I went on the Haddonfield tour last Saturday. The owner and tour leader is awesome. She has carefully selected wonderful restaurants, historical sights and cool shops to visit. The food at each location was outstanding and diverse. I was stuffed for the rest of the day. The tour is well worth what you pay. This is my second tour with On the Town Food Tours. I can't wait to try the others!

Excellent experience! The guide was very knowledgeable, and we got to try plenty of food. The process was very easy, and she made it comfortable by allowing us private time to enjoy the food after getting our initial impressions. We especially liked the olive oil tasting - it was a brand new experience!

Can't wait to do it again! I booked the Bordentown food tour for my hubby's 30th birthday. He cooks for a living and is definitely a foodie so I thought a food tour would be a perfect way to celebrate. Our tour guide was amazing! She went above and beyond anything we expected. I forgot candles and wanted to surprise my hubby with a birthday cupcake at our last stop. While we were enjoying one of the tour stops, she went to the store and bought a candle! How thoughtful is that?! She was informative and all the spots she chose were great. The food was delicious, the town was quaint, and the owners of the shops were personable. I have a friend coming to visit in April and hope to book the upcoming Mount Holly food tour for her visit. My hubby and I are looking forward to checking out all of the food tour locations. Thanks, hope to see you soon!

Great time, great food, great fun! We enjoyed the experience because it provided some personal interest with historical content along with a variety of food and restaurants that we would not necessarily have tried on our own. Our tour guide made us all feel that her only interest was to make sure we all had a great experience which we did. Her enthusiasm for all of the places certainly reflected in our experience. We found a few new restaurants and few new food suppliers that will bring us back to Haddonfield and back to experience another town in the Spring.

Food was great, guide/facilitators were fantastic! We had a wonderful time tasting foods from local restaurants in Bordentown. The group was very interested in the history of the town and asked questions about everything we saw along the tour. Our tour guide was very organized and forthcoming

with information every step of the way. The weather was a key factor, too. It was a beautiful fall day! My friend Nancy and I enjoyed ourselves so much that I have already recommended this and other food tours conducted by On The Town Food Tours to several friends, coworkers and family members. Next on my list is the Haddonfield food tour!

Excellent! This was a great outing and the food was superb. The tour guides were very personable and wise. It was worth every penny, great idea for birthdays and also a treat for yourself. You have to try it to really understand the greatness in it. Kudos to the owner for putting this out there in our area ... this is a special treat!!

Great experience! Our leader was friendly, personable and charming. She was knowledgeable and informative. There was more food than we expected. It was a chance to taste foods out of our comfort zone. We will definitely go on another food tour to one of the other towns.

Delicious! This was our second food tour with "On the Town", and it was just as excellent as the first. The food we tasted was delicious, and I definitely want to revisit some of the restaurants where we ate. Our host, was extremely informative, pleasant and helpful. I enjoyed very much the restaurant owners sharing their passion for the food they make and learning about the creativity and care that they put into each dish. It really enhances the whole dining experience. I feel like I came away with a real "flavor" for the town of Haddonfield that I didn't previously have and an appreciation for all the shop owners who work there. What fun it was to try so many delicious treats, some of which I probably would never try on my own! Some of my favorites were; the wings at the British Chip Shop, fried goat cheese at the Bistro, and the very best was the coconut cream cupcake at the Posh Shop Bake Shop. It was gluten- free, and out of this world! This is a "must try" experience!
